The above figures are reflective from 2022. Please note that these figures do not represent a Consultant's profit from party or individual customer sales, as the company does not keep track of consultant party sales, only the products they choose to purchase. The figures above refer to gross income from commissions (total income before any expenses are deducted). The expenses a Consultant incurs in the operation of his or her LOVEWINX business vary widely. Expenses for Consultants can be several hundred or thousand dollars annually. You should factor in estimated expenses when projecting potential profits. Such operating expenses could include advertising and promotional expenses, product samples, training, travel, telephone and Internet costs, business equipment, and miscellaneous expenses. The earnings of the Consultants in this chart are not necessarily representative of the income, if any, that a Consultant can or will earn through his or her participation in the LOVEWINX Compensation Plan. These figures should not be considered as guarantees or projections of your actual earnings or profits. Any representation or guarantee of earnings would be misleading. Success with LOVEWINX results only from successful sales efforts, which require hard work, diligence, and leadership. Your success will depend upon how effectively you exercise these qualities.
